The Middlebury Campus

VOL. XVII. MIDDLEBURY COLLEGE, MIDDLEBURY, JUNE 22, 1921 No. 31

BACCALAUREATE BY DR. J. M. THOMAS

Pres. of Penn. State College Addresses Class of 1921

PLEADS FOR LEADERSHIP

"The God Who Goes Before," Subject of Inspiring Sermon

"The God Who Goes Before" was the subject of the baccalaureate sermon delivered Sunday morning in the Mead Memorial Chapel by President John M. Thomas of Pennsylvania State college. President Thomas took his text from Exodus 13:21—"The Lord went before them—to lead them the way."

"Religion was the impelling force," said Dr. Thomas, "in all Hebrew advance. Every forward step taken by that nation sprang from a religious impulse and was accomplished by religious passion. It was not culture, knowledge, education that went before to lead that people the way, nor was it philosophy which impelled and guided their progress. Nor yet was it the law which went before to lead this unique people their way. First the moral insight, the seer's vision of the ideal, and not until long afterwards the embodiment of the prophet's truth in a statute—and then only a fraction.

"The leaders of the advance of the ancient people whose story forms our Bible were prophets, religious discoverers, men of faith and of spiritual insight. The Old Testament is the record of a nation forging ahead through its faith. The function of religion as portrayed in those ancient books is not primarily consolation, the comfort of defeated spirits, but leadership, the inspiration and support of men who lift the world to a worthier life.

"Works of healing were not the new and distinctive feature of the ministry of Jesus. The immediate access of every man to God, and of God to every man—this was the new and distinctive truth of Jesus, and it burned in his soul as a new gospel that was to renew the world.

Came to Spread Truth

"He came to cast on the earth the fire of revolutionary truth, truth which was to go before and show men the way out of the slavery of ritualism and legalism and all that binds and fetters the soul of man. So in the New Testament not less but more clearly and mightily than in the old, God goes before to lead His people the way, and in the whole Bible religion is set forth as a mighty impelling force in the progress of humanity.

"We are making a sorry mess of things on this old earth. We have been killing men, some nine or ten millions of the youngest and the best. We have been drowning babies in the sea. We have been laying waste some of the fairest regions of the earth, burning cities, and blowing to bits beautiful temples built for God. You and I did not do these things, but it is our world and we are a part of the great human family. It is our world which refuses millions of men a fair chance at the finer things of life, which dooms little children by the homes where they are cradled to ignorance and squalor and bestiality.

Where Look For Leadership?

"Where shall we look for leadership toward the better world in which we must believe? Who shall go before to

W. W. McGilton, Popular Professor, Honored Monday

ONE HUNDRED AND TWENTY FIRST COMMENCEMENT OBSERVED MONDAY

Professor W. W. McGilton, Honored by Degree of Doctor of Science, Receives Great Ovation

Governor Miller, Unable to Attend, Rev. George A. Buttrick, of Rutland, Delivers Principal Address

For the second time in succession Middlebury suffered the embarrasment of an eleventh hour upset in its Commencement program. Last year Dr. Thomas was obliged to substitute for the Commencement orator, and this year when it was learned that Governor Nathan L. Miller of New York could not appear owing to illness and to official duties, the invitation was extended to the Rev. George A. Buttrick, pastor of the First Congregational Church in Rutland who despite the short notice responded with a singularly inspiring and eloquent address.

Rev. Buttrick covered many phases of the obligations of the young graduate held to the world and laid especial emphasis on the word "ought" as characterizing one's conscience, exhorting his hearers to live up to all they "ought" to do.

Commencement enthusiasm reached the climax Monday morning, at the graduation exercises when William Wesley McGilton, Professor-Emeritus of Chemistry received the honorary degree of Doctor of Science from Acting-President Edward Day Collins. The ovation he received when called forward was prolonged and hearty and filled the auditorium of the old Congregational Church which was packed to capacity. It recalled the fine tribute of esteem paid to Professor Charles Baker Wright upon his retirement last year and evidenced the unquestionable love and respect which Professor McGilton enjoys.

Twenty-six degrees of Bachelor of Arts and thirty-seven of Science, making a total of sixty-three degrees were conferred upon members of the graduating class by Dr. E. D. Collins. The class of '21 fell short by over a score, of the record established last year, but this was due largely to the fact that the class entered college at the time of America's entrance in the war.

Following the address by the Rev.

$100,000 GIFT BY CLASS OF 1871

Latest Bequest Toward Endowment Fund Announced Monday

'71 WINS ATTENDANCE CUP

Messrs. Hepburn, Clark, Denio, and Peck Here on 50th Anniversary

The announcement of a gift of $100,000 from the class of 1871 toward the $1,000,000 Endowment Fund for which Middlebury is working, featured at the annual Commencement Dinner held in McCullough Gymnasium Monday afternoon. This latest gift together with $60,000 recently received by the Procotr bequest and $250,000 promised by the General Education Board conditional upon raising $750,000, brings the total up to $410,000 and leaves $490,000 yet to be raised.

About three hundred alumni, faculty, undergraduates and guests attended the dinner which was attractively prepared and served under the direction of Mrs. Maud O. Mason, matron of Hepburn Hall. The McCullough Attendance Cup, awarded each year to the class with the greatest percentage of its living members returned for Commencement, was awarded to the class of '71. It was the fiftieth anniversary of the class and 57 per cent of its members were present, the Hon. A. Barton Hepburn of New York, Francis B. Denio of Bangor, Me., Andrew E. Clark of Des Moines, Iowa, and Francis M. Peck of Madrid, N. Y.

Acting-President Edward D. Collins officiated as toastmaster and called upon Professor McGilton for the first after dinner speeches. Professor McGilton, though moved by the honor conferred upon him earlies in the day intersperced his speech with stories that kept the audience in good humor.

Dr. Metzger, then called upon, spoke with appreciation of Middlebury and particularly of his friendship with Dr. Thomas. Mrs. Dorothy Canfield Fisher was very cordially received and she spoke seriously of women's place in politics. She referred particularly to the responsibility now thrown upon women, and said that she believed that her sex should meet it with the exercise of the ballot, particularly in affairs that touch the school and home.

Cass Gilbert, who is architect of Hepburn Hall and who has drawn the plans for the Porter Hospital, declared his pride in receiving the honors which had been conferred upon him, and Dr. Thomas spoke with feeling of his pleasure upon returning to Middlebury. He also told of his reception at Penn State but confessed that although he had come to strive for the upbuilding of a larger college, his heart was still back in the mountains he had left.

Mr. Clark '71 read an original poem by his classmate Mr. Peck depicting the college and faculty of his day. When Mr. Denio, another of the famous class of '71 was called upon, he discussed literature and concluded his address with the announcement that his class desired to contribute $100,000 to the Million Dollar Endowment Fund.

Middlebury songs and cheers interrupted the dinner and applauded the speakers.

Au Revoir

In this, the last issue of The Campus for the college year, we extend to the members of the graduating class our heartiest wishes for all success in the future. After four years of college life they have at last stepped out into the world as Middlebury Alumni to follow new paths, to take up new work. The individuals of the class will scatter to the corners of the earth but their thoughts and connections will remain centered here. They feel a real sorrow in parting and we feel with them. They are finding their places in the world, as Dr. Thomas said, "in a most difficult and trying time." It is fortunate for progress and civilization that throughout all the country colleges are everywhere turning out just such groups of men and women who have been trained and fitted for such an occasion. Leaders are needed in every line of work and educated men and women must be the salvation of our country. Every graduate as he leaves these halls has some high aim and purpose. The class of '21 is no exception. We bid them "God speed" and hope that they will be successful in attaining their ambitions.

Past and Future

Each year at the approach of commencement, the events which have taken place in the college during the past year are more forcibly brought to mind, together with an imaginary survey of what the coming year gives promise of bringing forth. Each year also these events, when taken in review, have been proved accomplishments contributing in no small degree to the general advancement of the college. The past year has been no exception in this respect, in spite of the fact that during it, Middlebury lost the man through whose untiring and self-sacrificing efforts, much of her steady progress has been made possible.

That the prestige of Middlebury is increasing and that her various lines of development are being more widely appreciated, is evidenced by the unremitting influx of applications for admittance. One hundred and sixty-six freshmen entered college last fall, an increase of thirty-five over the previous year, while only lack of accommodations prevents a very much larger enrollment of students for the year which is to come. Indeed in the Women's College it has been found necessary to limit the number of the incoming class.

One of the most encouraging aspects of the present advancement of Middlebury, is her increasing tendency toward specialization in different fields, the fulfillment of this tendency holding within it certain peculiar opportunities for many people. The most striking example now of this specialization is in the modern language department. The Modern Language Schools of the Middlebury Summer School have gained a very wide-spread reputation, and the advantages which have been offered there bid fair to be repeated in the regular sessions of the college, under quite as favorable conditions and with a great decrease in expense to the student. The French House which has been put to the test of active operation during the past year has been proven a decided success, so that its continuance in the future is assured. Working on the result of this a somewhat similar institution where only Spanish will be spoken will be inaugurated next year, and in other departments there are indications that, as time goes on and the occasions arise, this same definite development will take place.

Another way in which special advantages were offered this year to the Middlebury student was through the excellent entertainment course of last winter. A disadvantage in Middlebury's location in the minds of many people is her distance from points where the best music and lectures may be heard, and this difficulty was in a great measure overcome by having here in a series of entertainments some of the very best talent which the musical world has to offer. Next year's course will be a continuation of this program thus fulfilling a great need for things that are really worth while.

Various student activities along athletic, musical, social or religious lines have not been at a standstill during the year. The football and track teams have been notably successful. The Glee Club Trip, the Y. W. C. A. Bazaar and the formation of a new sorority have been some of the outstanding features. The much advocated practice of debating has been brought to the front, and a debating society established in college. Among the unique achievements of the year accomplished at the expense of much time and thought on the part of the deans of the colleges must be mentioned the trip to Bread Loaf Inn, whereby the whole college participated in an outing which did much in promoting a spirit of loyalty and good-fellowship.

Middlebury College has now reached her one hundredth and twenty-first Commencement. Her graduates this year may go forth with an ever-increasing pride for her in their hearts, for they will have the knowledge that she will always continue to be worthy of that pride.

HUGGARD AND GEDDES TO TEACH HERE NEXT YEAR

William A. Huggard has been appointed as Teaching Fellow in English for the coming year. Mr. Huggard received his A. B. from Middlebury in 1920, and for the past year has been teaching in The Abbott School for Boys at Farmington, Me. He will assist Professors Cady, Skillings and Davison in the work of the Fundamentals course in English.

Announcement is also made of the appointment of James R. Geddes '21 as Teaching Fellow in Chemistry for the coming year.

Tribute Paid to Brainerd Kellogg

At the meeting of the Associated Alumni this morning Dr. Julian W. Abernethy '76 gave an eloquent tribute to the memory of the late Dr. Brainerd Kellogg '58, whose portrait was unveiled. The portrait was painted by Miss Susan D. Parker of Middlebury and was the gift to the College of Dr. Kellogg's son, Hon. Frederick Kellogg. Dr. Abernethy's tribute will be published in a subsequent issue of The Campus.

The Periscope

SIC SEMPER

Written amid the stillness incident to preparation for final examinations, by Fay Culty.

Oh, the stillness!
Is there illness?

No—and yes;

Nerves, I guess.
Where?—
There
In Starr and Hepburn
Where their wits churn
And their hearts yearn.

Why?—
Aye
Exams are on;
Fear and fawn.

What!—
Cut
Their classes—
Oh, the asses!

Yes, they do it
And they rue it.

Will they never
Be so clever

As to work
And not shirk?—

Well, no matter;
There's no clatter.

New semester—
The old jester!

For a while
Free from guile,

They will study—
Everybody.

MEMORABILIA
of
The Class of 1890

"Forsitan et haec olim meminisse juvabit."

Yell—evevakonta! rah! rah! rah! '90.

Motto—Semper illic.

Colors—Green and orange.

'90, classy and classic, with a Greek yell, a Latin motto and Irish colors.

'90, possessed of piety.....Lord, God and Pray.

'90 artistically landscaped the campus by removing the white pre-historic picket fence surrounding it.

"Then, too, as further proof of our good sense,
We girded up our loins and burnt the fence.
The noise of shouting and the cries of "Fire!"
The engine rattling, and the clamor dire,
And all the empty anger of the town,
The memory of these things no tide of cares can drown." van.

'90 won the Battle of Bolton's Hill, in memory of which, on that bloody field, was erected Mead Memorial Chapel.

'90 excelled in archaeological explorations and discovered the long lost milk punch recipe of the Green Mountain boys in Ethan Allen's cave, "multum rum in parvo milk."

'90 made Central Park famous with van's new animal.

'90 confesses frankly and humbly her only fault—excessive modesty—and dropping naturally and easily into her classic vernacular, remarks—"Non solum ego magna pars fui sed etiam tota opera. Ego orbes terrarum nuntiam!"

'90 capricornum Facultatis cotidie capiebat, vide secundas litteras.....

Midd. March 1, '88.

Dear Charlie:

Everything is quiet today. Prex gave us a lecture and said that he did not want to reduce our class any but we must behave or be fired.

B. W. S."

"O Muse, thy most melodious measures bring,
And all the victories of Ninety sing!"

(see Kaleidoscope of '90.)

WEDDING CEREMONY ENDS COMMENCEMENT WEEK

Winford E. Heath '21 and Dorothy H. Brown '18 Married in Mead Chapel

Tuesday, the twenty-first of June, witnessed the third wedding which has taken place in the Chapel, when, at the close of commencement festivities Miss Dorothy Helen Brown of St. Johnsbury, Vt., a graduate of Middlebury in the class of 1918, was united in marriage to Winford Eddy Heath, a member of the graduating class. Dr. John M. Thomas performed the ceremony. The bride wore white taffeta and was attended by six bridesmaids in rainbow colored organdies. Five of the bridesmaids Helen Clift, Louise Reynolds, Ruth Hesselgrave, Dorothy Brewster, and Margaret Harrison were former classmates of the bride, while the sixth Marion Miner of New Jersey was a cousin. Walbridge K. Fullington '18, who has been teaching during the past year in the Bordentown Military Institute, Bordentown, New Jersey, was the best man. The ushers were Guy Coolidge '20, Raymond Noonan '21, Joseph Timberman '22, Herbert Leach '22, and Allan Hunter '24.

After the ceremony an informal reception was held in the vestibule for all the guests, followed by a wedding breakfast at Hepburn for the wedding party and relatives. The couple expect to be at home next September in Fair Haven, Vt., where the groom has a position as Assistant Principal and coach of the Fair Haven High School.

While in college Heath has been prominent in athletics, having been a member of the 'Varsity Track Squad, 'Varsity Football and Basketball, serving this last year as captain in the latter sport. He has also been Vice-President and President of the Outing Club and a member of the Student Council. He is a member of the Delta Upsilon fraternity, Sages and Delta Tau. Miss Brown is a member of the Alpha Chi Sorority.

Avery-Lowe

Montpelier, June 19. Miss Eleanor M. Lowe and Mr. John Avery '10 were married at 8 o'clock Saturday evening at the Episcopal church by Rev. Frank Knapp.

The bride is a well known Montpelier woman and was a member of the Federated Women's club unit under supervision of the Y. M. C. A. during the World War, having been in France six months. The bridegroom is a graduate of Middlebury college of the class of 1910 and was by Ex-Gov. Allen M. Fletcher appointed librarian of the legislative references bureau which office he filled until Ex-Gov. Clement appointed him tax commissioner. This office he later resigned, and he is now librarian of the legislative reference bureau and also assistant state librarian.

Myrick-Carr

Miss Marion Elizabeth Carr and Forrest Guilford Myrick '18, were united in marriage Tuesday morning June 14, at the home of the bride on North Pleasant street. Owing to the illness of the bride's mother the ceremony was private. Rev. H. C. Newell, pastor of the Congregational church, officiated. Myrick is a graduate of Middlebury College and a member of the Chi Psi fraternity. He had been employed as a grader of marble at the local plant of the Vermont Marble Company and has been transferred to the Florence yards of the same firm. After an automobile trip of ten days the bride will return to her mother who has been seriously ill for some time.

Harris-Newhall

The marriage of Miss Evelyn M. Newhall to Roy D. Harris '17 took place Monday morning at Philadelphia, Pa. The bride and groom left for a boat trip following the wedding. They will return to Amherst, Mass., where Harris is an instructor at Mass. Agricultural College. Harris is a member of Kappa Delta Rho fraternity.

DOROTHY CANFIELD AT BREAD LOAF

Rob't Frost Will Also Assist on Faculty at English Summer School—Other Features Secured

Dorothy Canfield Fisher, the noted author, and Robert Frost, the famous poet, and Dr. John H. Finely, former Commissioner of Education of the State of New York, are among the special lecturers for the English School at Bread Loaf this summer, Mrs. Fisher will lecture on "Random Notes from a Novelist's Desk", and will give readings from her writings. Mr. Frost will lecture on "The Responsibilities of a Teacher of Composition", and will read from his poems.

Mrs. Fisher, who writes as Dorothy Canfield, is considered one of the foremost American novelists and short story writers. She has also written some excellent verse. Among other books, she is the author of "Hillsboro Peope", "The Bent Twig", "The Squirrel Cage", "Home Fires in France", "A Montessori Mother", "Understood Betsey", "The Day of Glory", and many magazine articles, both stories and articles dealing especially with education. She received the degree of Ph. B. in 1899 from Ohio State University and the degree of Ph. D. from Columbia University in 1904. Her most recent novel "The Brimming Cup" has been enthusiastically received by the critics. "Home Fires in France" and "The Day of Glory" are called among the best works brought forth by the Great War. Both Mrs. Fisher and Dr. Fisher served in France for three years doing war work. Mrs. Fisher has recently been appointed by Governor Hartness to the State Board of Education, being the first woman to receive this honor. Her appointment has been generally commended, as Mrs. Fisher is widely known as a progressive educator. To her is due to a great degree the introduction of the Montessori method of teaching to America.

Mr. Frost is widely known particully as the author of "North of Boston", and "A Boy's Will". In his history of American Literature, Dr. W. C. Bronson says of Mr. Frost's work: "He has entered deeply into the mind of New England country folks, and in "North of Boston" he has interpreted their shy, proud, stubborn, sensitive, heroic nature more truly and completely than was ever done before in verse. As a portrayer of New England country people he is a worthy successor to Lowell and Whittier; having less wit and humor than the former, and less idyllic charm than the latter, he yet excels them both in range of characters and in subtlety and inwardness of interpretation."

Dean Wilfred E. Davison has announced that Professor Charles B. Wright and Mrs. Wright will be the guests of the English School for the six weeks of the session. Professor Wright will give several lectures and readings. The Faculty of the English School includes Mrs. Grace Hazard Conkling, Smith College, Miss Alice Howard Spaulding, Secretary-Treasurer of The 47 Workshop, Mrs. Ruth M. Lampson, Oberlin College, Prof. Calvin L. Lewis, Head of the Department of English Composition and Public Speaking, Hamilton College, Mr. R. L. Wayne, Stage Manager of The 47 Workshop, Miss Edith O. Wallace, State College for Teachers, Albany, N. Y., Dr. Vernon C. Harrington, and Prof. Everett Skillings of Middlebury, Dr. Julian W. Abernethy, of Burlington, and Dr. George T. Smart, of Newton Highlands, Mass.

Under the direction of Mrs. William Mills, who is to be Manager of Bread Loaf Inn for the coming summer, the Inn has been put in first class shape and will open to receive guests on June 27th. The English School begins June 29th. Seventy-four students are already enrolled, coming from points as far west as Iowa and as far south as Porto Rico. Practically every room at the Inn has been assigned.

NEW ENROLLMENT RECORD SET BY 1921 SUMMER SCHOOL

Nearly Four Hundred Students Have Already Registered for Specialized Vacation Study Here

Courses Offered Under Experienced I nstructors in French, Spanish, English and Chemistry

A total of very nearly 400 students, representing a gain of about a half a hundred over the enrollment last year, are expected here for the thirteenth Summer Session which commences July 1 and continues through August 26. Four distinct departments of study, French, Spanish, English, and Chemistry, are offered and the outlook for the coming season indicates the remarkable success which has greeted the efforts of the present management. The schools have been particularly fortunate in the selection of instructors for the combined faculties this summer will include educators of nation and world-wide reputation. The enrollment representation is no longer limited and in recent years has drawn teachers from all parts of the United States and from foreign countries.

The Chemistry School

The School of Chemistry of the 1921 Summer Session will open on July 1 with a new and more comprehensive program of study than has been offered in previous years. This new program has been designed to meet the needs of Middlebury students and others who find it advantageous to study some special branch of the science during the summer. The program is designed to meet the special needs of four classes of students as follows: medical and biology students; chemistry teachers in secondary schools; students wishing to extend their knowledge of Industrial Chemistry along special or general lines; and students desiring to begin or review General Chemistry.

The new courses to be offered this year are "Industrial Chemistry", a series of the more important chemical industries, and "Technical Analysis", a laboratory course in Quantative Analysis, with special reference to methods used in industrial operations. Both courses are of advanced, or "C", grade and may be counted toward a Master's degree.

The school will be under the direction of Professor Voter as Dean and Professor Davis, also a member of the regular Department of Chemistry will be a member of the instructing staff. Credits toward either Baccalaureate or Master degrees may be obtained by work at the school.

The French School

On the morning of July 3 the French Summer School of Middlebury College will be officially opened by Dean H. P. Williamson de Visme with exercises in the Mead Memorial Chapel. The actual registration for the French School numbers to date, 175 men and women students, drawn from colleges and teaching staffs throughout the country, and many more are expected before the actual opening of the school.

The teaching staff numbers twenty competant instructors, all specialists in the fields which they cover. They include M. Barthelemy, R. Blanguernon, M. Bideaud, J. Bouin, A. Bovee, L. Cardon, B. Favard, M. Leautier, P. Lepaulle, R. Maire, M de Montoliu, A. Pages, S. de la Souchere, M. Stephan, M. Latain and Madame and Dean de Visme.

Twenty-one courses are offered but very special attention will be paid to pronunciation, diction and conversation throughout the curriculum. Pearsons, Battell Cottage, Hillcrest, Hillside, Painter, Eddy House, the Gables and the Maison Francaise have been allotted to the French department for quartering the students.

Two dining rooms, one at Battell Cottage and the other at the Maison Francaise, will be run in accordance with the same policies as the latter has been conducted during the current year.

BARNEY POTRATZ CHOSEN TO CAPTAIN TRACK TEAM

Barney F. Potratz '22 of Milwaukee, Wis., was elected Captain of track for 1922 at a meeting of the team held Tuesday, June 7. Potratz prepared for college at South Davison High School and is a two letter man. He has played a line position on the varsity football team for three years, besides his connection with the track team in the weight events for the same length of time. He is also a member of the Glee Club, the choir, and Alpha Sigma Phi fraternity. He has twice beaten the college record in the discus.

Fourteen men received their letter in track this year, the requirement being that a man must win 10 points or must have placed in an intercollegiate meet. The men honored and the points scored by each are Capt. Robinson, 24; Capt.-elect Potratz, 29; Darby, 28; Cook, 14; Cole, 13; Gollnick, 12; Peck, 12; Shelvey, 11; Baldwin, 10 1-3; and Manager Lee. Whitten, Doolittle, Kendall and Drost also received their "Ms" by reason of having placed in the Vermont Intercollegiates.

Name Soph. Rules Committee

At a meeting of the Student Council on June 5th the designations for next year's Sophomore Rules Committee chosen are: Chi Psi, Vose; Delta Kappa, Epsilon, Axtell; Delta Upsilon, Kamens; Kappa Delta Rho, Savage; Alpha Sigma Phi, Klimm; and Neutrals, Lockwood. The work of drafting new year's freshman rules has already been completed.

TIMBERMAN RE-ELECTED CAPTAIN OF BASEBALL

At a meeting of the baseball team Tuesday following the Norwich game which completed the 1921 schedule, Joseph W. Timberman '22 was reelected captain for the year 1922. Upon the recommendation of the Athletic Council but seven men received their letter in this sport, they being the only members who had participated in the required number of innings, the ruling being that out of a possible 119 innings fielders should participate in 79 1-3 and pitchers in 29 in order to merit a letter.

Timberman is a graduate of Jamesburg (N. J.) High School and has played varsity baseball three years. He was also a member of the varsity basketball squad during his freshman and junior years. He is a member of the Wetherell Debating Club and Delta Upsilon fraternity. Joe has played first base until this year when he was shifted early in the season to the outfield. He has played a steady consistent game and batted around .300.

The team loses but three men by graduation, Elmer, Mead, and Whitmore and, with more time next year, Coach Morey expects to develop a winning agregation.

Announce $150 Scholarship

Announcement has been made of a scholarship of $150 founded by the Hon. Frank C. Partridge of the Board of Trustees to be awarded to the most deserving in the French School next winter.

80 TO STUDY HERE IN SPANISH SCHOOL

Native Instructors to Teach Under Direction of Dean Lacalle—Varied Program of Entertainments

On July 1, the summer session of the Spanish School will open with a registration of about eighty students, made up mostly of Spanish teachers in colleges and high schools from all over the country. Following the program inaugurated in 1917 with such success the courses of instruction this year will include a wide variety of subjects, under the direction of Dean Julian Moreno-Lacalle assisted by a staff of eminent native educators, who have been chosen, not only because of their achievements in the field of Spanish, but also because of their special training and experience in the courses respectively entrusted to them.

Included in the instructing staff for 1921 are Professors J. Moreno-Lacalle, Dean of the Spanish School and Head of the Department of Spanish at Middlebury College; Caridad R. Castellano from the American International College, Barcelona and graduate of the International Institute and the Institute del Cardenal Cisneros in Madrid; Maria de Onate, Master of Music in the Madrid Conservatory; Francisca Martinez, instructor of Modern Languages at New York State Teachers' College; Cesar Barja, Doctor en Dercho, University of Madrid; Cincinato Laguardia, author and professor at the U. S. Naval Academy and Columbia University; Angelo Paloma, instructor at the American International College, Madrid, and Wellesley; Cipriano de Togores, Universities of Barcelona, Berlin, and London and instructor in Spanish at Yale; Franco de Villafranca, teacher of French and Spanish at Cristobal School, Panama; and Elisa y Rodriguez, instructor of Spanish Language and Literature at Madrid, Barcelona, and Middlebury. All of these instructors were connected with the Middlebury Summer Session last year.

An elaborate program of social activities for every day in the session has been arranged, including a Fourth of July celebration, a garden party, a masquerade ball, a literary feast and a Spanish play, besides the minor daily functions, such as concerts, chorus singing of Spanish folk songs, parlor games, picnics, and informal dances. An additional feature of this summer's work will be the illustrated lectures on Spanish painting and sculpture, music, archeology, and architecture.

Hepburn Hall, the largest of the dormitories at Middlebury, has been reserved exclusively for the Spanish School and will be transformed for the summer into a complete Spanish residence. Meals will be served in the Hepburn Commons. Almost all available space has already been reserved.

HILLSIDE TO BE RUN AS SPANISH HOUSE NEXT YEAR

A Spanish House, under the general supervision of Professor J. Moreno-Lacalle and the specific direction of Senoritas Caridad Rodriguez and Maria de Onate, will be put into operation next year. The dormitory to be used is Hillside Cottage, and twelve or possibly fourteen girls have signified their intention of living there. The use of the Spanish dining-room at Battell Cottage will be continued. Spanish will be spoken entirely, excepting during the two afternoons and evenings a week when visitors will be allowed and English may be the language used. While the house next year will be on a somewhat smaller scale than the French House, it is expected that, if successful, it will be enlarged and improved upon within the next few years.

Announcement has been made through the Office of the Treasurer of a gift of $100.78 made by the Class of '21 toward the Student Loan fund.

MOVE TO HELP HOUSING SITUATION

Trustees Also Approve Plans for Women's Athletic Field

Five Appointments Made to Faculty —To Provide Three New Houses

At the meeting of the Trustees of Middlebury College Saturday afternoon it was voted to authorize the Prudential Committee to provide housing for the women of the Class of 1925 who cannot be accommodated in the dormitories at present available. A serious problem regarding housing has arisen because less women than usual are transferring to other institutions and some are returning who have been out of college for a time, while still others are transferring to Middlebury from other institutions. Housing will be provided for the sixty women who have been promised admittance to the College next fall, but the exact measures have not yet been determined.

The Trustees also voted to authorize the Prudential Committee to provide three houses for professors, to be ready in 1922. They authorized, too, the development of an athletic field for the Women's College; the first steps in this work will be taken the coming summer, in order that the women in college next year may enjoy the benefits of the field.

The following appointments to the Faculty were made. J. S. Kingsley was appointed Professor of Secondary Education. Professor Kingsley has had wide and very successful experience in secondary schools and as an administrator. J. G. Howes was appointed Instructor in History, W. G. Kleinspehn was reappointed as Instructor in Chemistry, Guy J. Forbush as Assistant Professor of French, Hollis R. Cooley as full-time Instructor in Mathematics, and Alfred Larsen as instructor in Violin, Voice, and Director of the Glee Club.

UNDERGRADUATE ASS'N CHANGES ADMINISTRATIONS

The Undergraduate Association held its regular meeting Tuesday evening, June 7, the new student council assuming control Roland J. Darby '21, the retiring president handed the gavel to the newly elected president, Albert F. Gollnick '22, and urged that the association support the new administration as faithfully as they had the retiring one.

Elections for assistant manager of baseball and track and members of the athletic council were held and Clyde Jakway '23, of Brattleboro, was elected assistant manager of baseball by a vote of 80 to 48 for Clifford A. Oakley. In the rating by the Athletic Council Jakway received 94.5 per cent and Oakley 71 per cent. Julian Klock '23, of Wallingford, was elected assistant manager of track by a vote 69 to 49. Klock was rated 91.4 per cent and the other candidate, Tucker, was rated 90.3 per cent by the Athletic Council.

As a result of the balloting on the nominations made at the last meeting, the following were elected to serve as next year's Student Council: Baldwin '23, Potratz '22, Robinson '22, Lane '22, Kalin '23, and Leonard '23. It was voted to authorize the student council to appropriate funds to cover the expense of printing the Constitution of the Undergraduate Council in the handbook to be published by the Y. M. C. A.

The Outing Club held its last meeting of the year in Hepburn Social Hall, Tuesday afternoon, June 7, electing officers for the coming year. Roger Hall '22 was elected president; John Harvey '22 secretary; and Gerald Cabot '22 treasurer. It was decided to petition the administration to erect a ski jump during the summer or fall.

Roster of Graduates

MASTERS OF ARTS

Guy Omeron Coolidge, '20, Rutland
William Edwin McMaster, '20, North Thetford

High Honors in French—Ruth Anna Aldrich

High Honors in Spanish—Ona Mabel Ladd

COMMENCEMENT HONORS

Valedictory Honors—Leroy R. Bigelow, Esther I. Carlson
Salutatory Honors—Arthur T. Harding, Corrine M. Weber

FRESHMEN MUST EAT AT HEPBURN NEXT YEAR

At a meeting of the faculty held last week it was decided that freshmen will be required to eat in Hepburn Commons during their entire first year at Middlebury. This action was taken in an effort to keep the freshmen together as a class and to supplement a previous ruling which prevents freshmen from living at fraternity houses. Exception will be made for those first year men who earn their board by working outside of college but every effort will be made to follow the freshman dormitory system which is followed successfully at many colleges throughout the country.

Albert F. Gollnick '22 was recommended at the same meeting, as candidate for a Rhodes scholarship.

NINETY COUPLES ATTEND SENIOR BALL MONDAY

About ninety couples, among which were many alumni, attended the annual Senior Ball which brought the events of the college year to a close last night in McCullough Gymnasium. A Boston orchestra under the leadership of J. Bertalonic furnished music for the dancing which continued from nine until three A. M. College banners formed the chief decoration. Refreshments were in charge of college students.

The patrons and patronesses were: Professor and Mrs. MacGilton, Dr. and Mrs. Collins, Professor and Mrs. Burrage and Miss Ross. The committee: Brigham, Chairman, Noonan, Keppler, Whitmore, Aines, and Misses Ottman, Taylor, Ashworth and Johnson.

SATURDAY CONCERT WELL RECEIVED

Glee Club and Music Department Provide Entertainment

Solos by Cooley and Webber Feature —Glee Club Officers Elected

The Commencement Concert given by the Glee Club with the assistance of the Music Department, in Mead Memorial Chapel Saturday evening, June 18, was well attended by alumni, faculty, guests and students.

The selections of the Glee Club were very well received, "Old Uncle Moon" being one of the most popular numbers. The String Quartet consisting of Hunter '24, Swan '21, Walsh '23 and Webber '24 gave two pleasing numbers in Haydn's "Consumatum Est" and "Menuetto". Their technique showed the skillful instruction of Professor Alfred Larsen.

Mr. Cooley '20 gave some of the most enjoyable selections of the evening in his masterful and interpretive rendering of Three Salt Water Ballads, "Port of Many Ships," "Trade Winds" and "Mother Carey". A trio composed of Anna Wilkenson '24, organ, Phyllis Wright '24, piano and Payson Webber '24, violin, rendered "Meditation" by Mitski in an excellent manner. "When Thou Art Nigh" and "My Lady Chloe" sung by the Male Quartet composed of Coolidge '20, Cooley '20, Swan '21 and Hunter '24, received much applause. The two violin solos of Payson Webber '24 were delivered with a finished touch. Guilmant's Pastoral Sonata was Slayton '23 at the piano. Miss Gaylor also played the "Prelude in D minor" by Chaminade.

The next to the last number on the program consisted of two solos by Prudence Fish ex-'22 and now a student at Oberlin Conservatory of Music in Oberlin, Ohio. Miss Fish's voice showed much training and volume, and in her selections, "Songs My Mother Taught Me" by Dvorak, and "Elegie" by Massanet the wide range of her pleasing soprano voice, well adapted for concert work, was displayed.

Hollis C. Cooley '20 was elected leader of the Glee Club for the coming year Saturday evening. Mr. Cooley is instructor of Mathematics in the college and has been the soloist of the Glee Club this past year. Edmond F. Stockwell '22 was elected manager. Plans for the coming year were discussed and already several towns have asked for engagements. Professor Alfred T. Larsen will direct the Club again and work will begin soon after college opens in the fall.

OBSERVE CLASS DAY EXERCISES SATURDAY

The annual Class Day exercises were held on the campus, Saturday morning at 10 o'clock. Sam P. Davis '21 was in charge of the arrangements assisted by Fred Jewett, James H. Noble, Ruth L. Ashworth, Isabel D. Bardwell, and Janet M. Taylor. The customary daisy chain was carried by members of the three lower classes. The seniors were led by the junior marshals Ruth McArthur and Harry E. Brown, the line of march extending from the library to the special platform erected on the lower campus.

The opening address was that of the class president John W. Mead. The other speeches were as follows: Class History, Emma Shaefer; Oration, Fred Jewett; Class poem, Angeline Simpson; Class Prophecy, Janet M. Taylor and Sam P. Davis; Essay, Ruth B. Johnson; The Class Will, George T. Whitmore, Jr.

The announcement of honors by Acting President, Edward D. Collins followed. The closing event of the morning was the customary tree planting with a dedicatory address by Lorimer Brown.

TRACK TEAM EASILY WINS STATE CHAMPIONSHIP

Middlebury Victor in Triangular Meet —Three Records Broken

By breaking three college records and winning the State Championship in the Triangular Meet, the Middlebury track team brought their season to a triumphant close at Burlington June 4. The meet was full of interest from the first crack of the starting gun, Vermont taking the lead in the first few events, but the Middlebury squad was not long in asserting their superiority, and ended by winning the Hammer Throw and High Jump, and capturing all nine points in the Broad Jump. The final result was Middlebury 65, Vermont 50, Norwich 20.

The first college record to be shattered was the 220 yard dash, when Darby '21 tore home in 23 seconds flat, lowering the former record by 1-5 of a second. Darby also won firsts in the 100 yard dash, with a time of 10 2-5 seconds and in the 440, in 53 4-5 seconds. Cook of Middlebury ran a pretty race in this event, easily taking second place.

Smith of Vermont won the mile run, Shelvey's injury keeping him from showing his customary fleet pair of heels. Cole '22 jumped into the lead in the two mile at once, and was never in danger, finishing first in 10 minutes, 20 2-5 seconds. The mile relay was a new event on the program, and Vermont broke the tape with a fast aggregation of quarter milers, Middlebury finishing a close second.

Whitten '24 broke the college Pole Vault record by tying with Gibson of Norwich at 10 feet 4 1-2 inches, one better than the mark set by Lee '17. Cook '24 leaped into first in the High Jump, while Doolittle '24 tied with Bellerose of Norwich for second.

Potratz '22 again shattered his own record in the Discus, throwing the platter 116 feet. Flanders of Norwich won the event with a mighty heave of 124 feet 1 1-2 inches. Gollnick '22, Robinson '22 and Cook '24 won first, second and third respectively in the broad jump, which was the last event of the afternoon. Just previously Potratz '22 won the Hammer Throw, beating Schmitt of Vermont with a distance of 111 feet, 6 1-2 inches, thus giving Middlebury the first grip on the State Championship Intercollegiate cup, which must be won three years for permanent possession.

Acting-President Dr. Edward D. Collins left Monday night for New Haven, Conn., to represent Middlebury at theinstallation of Dr. James R. Angell as President of Yale University. Dr. Collins will be one of the principal speakers at the twenty-fifth anniversary of his class of 1896 at Yale.

'VARSITY DEFEATS ALUMNI ALL-STARS

Capt. Jack Vail's Pick-up Team Defeated 11-8

Home Runs and Errors Feature—'Varsity Uses Three Pitchers in Game

The Middlebury 'Varsity baseball team finished up the season Saturday by defeating the alumni nine by the score of 11-8. The game was marked by heavy hitting and many errors but was interesting throughout. Coach Morey used three 'Varsity pitchers to turn back the alumni stars whereas Captain Jack Vail did all the hurling for the older men. Elmer started for the 'Varsity but was replaced by Hulihan in the fourth and finally by Hastings in the sixth.

Home Runs Feature

The features of the game were home runs by Gallagher and D. Ross, the latter being scored on a fluke hit under the bleachers. S. Ross for the alumni played a consistent game, getting four hits out of five times at bat. Vail played excellent ball for the "old-timers", several times pulling himself ouut of bad holes. In the seventh inning after walking the first two men he struck out the next three. Gallagher was spiked in the fourth and forced to leave the game.

Each Team Scores in First

The alumni secured two runs in the first inning on two lets and two errors. he 'Varsity also scored two runs in the first inning by one hit and two errors. In the third inning the alumni made two runs and the 'Varsity five. In the fifth inning both 'Varsity and alumni brought home two additional runs apiece. The alumni made one run in the sixth inning, while the 'Varsity scored two runs, one on an error and a hit. In the ninth the alumni gained a run, making the score 11 to 8.

The line-up: Alumni. S. Ross, 2b; Haskin, c; Vail, p; Lamere, cf; White, 3b; D. Ross, rf; Barnes, ss; Vaugh, 1b; Hammond, lf. 'Varsity, Stockwell, 2b; Lobo, c; Elmer, Hulihan, Hastings, p; Timberman, Rass, Elmer, lf; Vose, 3b; Whitmore, rf; Hastings, p; Ross, ss; Gallagher, Timberman, 1b; Hulihan, Elmer, lf.

NEW DATE FOR PLEDGE DAY

Following action taken May 23 at a meeting of all fraternity men of the college which vested plenary powers in the Interfraternity Council, a new set of rushing rules has been drawn up to go in effect next September. The new rules set Pledge Day, ten days after mid-semester marks are out thus affecting a compromise between the two systems in effect this year.

Following are the complete rushing rules to go into effect next year. Copies will be sent to all prospective freshmen.

1. Freshmen shall be allowed to remain at fraternity houses on their first night in town.
2. There shall be no rushing until 10 days before pledging, i. e. No freshman shall be present at a function where a fraternity is represented as a body.
3. A man may not be initiated until he has passed twelve hours work on mid-semester or semester grades.
4. Women shall not be present at any rushing party.
5. No fraternity shall pledge over fifteen men in one year.

PLAN EARLY START FOR FOOTBALL TEAM

40 to Attend Dunmore Training Camp---Harvard Game Sept. 24

Morey Optomistic Over Outlook for Next Season—Promising Material

Preparations are being made for an early start next fall in the most extensive football program ever participated in by Middlebury College. The pre-season training camp located at either Zelenko or Liggetts at Lake Dunmore will open September 1, ten days earlier than last year, and with twenty-four men from last year's squad enrolled and an abundance of new material, it is expected that forty men will receive the benefits of this early training. An extensive program has been arranged by Coach Dave B. Morey to condition the men and particularly to prepare the team for the opening game with Harvard at Cambridge September 24.

The mornings at training camp will be devoted to light practice, the afternoons to heavier work, and the evenings to blackboard drill, but consideration will be made for recreation. Nearly a score of canoes have been secured for the use of the football men and there will be time allowed for swimming and social activities. It is expected that there will be dances at least once a week.

With only three men, Captain Mead, Keppler, and Brigham, lost to the team by graduation and an unusually strong addition of new material expected, a most successful season is anticipated. Never before has a Middlebury team participated n such a heavy schedule as will be offered this season. The schedule includes games with Harvard, Dartmouth, West Point, and Williams, but by reason of the extensive pre-season training Coach Morey is confident that the team will get off with a good start against Harvard.

In the backfield Coach Morey will have exceptionally good material from last year's team to work with. Captain Gollnick will play fullback and for the halfs there are Ahsley and Drost, two fast open field runners and sure tacklers. Leonard and Quackenbush will be candidates for the directing position. Other men who have played at Middlebury behind the line include Lobo, Stockwell and Jakway.

In the line Kalin, Reinbrecht, Potratz, Norton and Shepardson will be available from last year's eleven and the wing positions will be in the capable hands of Brown and Gallagher, unless the latter is shifted to a tackle. Among the others who will be at training camp are Cabot, Ratti, Howard, Sevigny, Axtell, K. Doe, D. Doe, Laird, Durkee, Osteyee, and Hastings. Hastings is looked to as a very promising candidate for quarter.

There are at present twelve freshmen definitely planning to attend the Dunmore camp and among them are numbered many scholastic stars from all over the country.

Cornelius Moynahan, star center of last year's eleven, will return to college in the fall and will be available for the middle of the line. Billy Glennon, coming from Huntington Prep in Boston is rated as an unusual quarter and should also prove valuable as a pitcher next spring. Marshall Klevno, a 190-pound fullback from Milwaukee, will compete with Captain Gollnick, from his home town and Dave Daly who comes from Springfield, Mass., was generally regarded as the best half-back in the Connecticut valley. Jim Driscoll, Bethlehem (Pa.) High School; Kent Dibble, Englewood (N. J.) High School; and Kenneth Lampher, St. Johnsbury High School; are also counted on to give the veteran backfield candidates stiff competion.

The line positions left open by the graduation of Capt. Mead and Keppler will be strongly contested for. Albert Carboy, a 195-pound line man from East Side High School in Newark, N. J., and Alfred Companion, a 186-pound man from Claremont, N. H., played stellar games in prep school. Joseph Aleckna was rated by Boston papers as the best tackle in the Hub scholastic circles and John Leary was named all-scholastic end in Boston. Wesley Wolf from Canton, Ohio, has made a good record in the middle west as a tackle. With these and other equally promising candidates Coach Morey has every reason to be optomistic.

Twenty-four members of Alpha Zeta of Alpha Chi held a house-party the week-end of June 4 at Camp Sur-le-lac, Lake Champlain.

BACCALAUREATE BY DR. J. M. THOMAS

(Continued from page one)

show us the way? It is not in business to go ahead and lead us the way. Man cannot live by bread alone, and certainly he can not advance by a larger supply of bread. Neither can science, invention, discovery bring us to the better day we need.

"The only way to a better world is through better men, and the only way to people the world with better men is to make them better one by one. The only way to make men better is to set the ideal of nobler manhood in their souls and fill them with zeal and holy passion to realize a nobler earth. It is only with eyes to the front that we can go forward. And eyes to the front is the attitude of faith, and faith is the gift of God, the quality of soul born when a man believes that there is life and movement in this mighty universe, movement toward justice and truth and beauty, that his is God's world and that one day His will shall be done in it in righteousness and love. It is only in religion that we shall find the ideals and incentives necessary to rouse us from contentment with things as they are and to fix us in resolution to make things what they ought to be.

"Now, as in the days when Israel escaped from Egypt, God goes before to lead His people the way. He grants us the honor and the pain of an ever-receding goal,—

'Something lost beyond the ranges,
Lost and waiting for you—Go!'

"The pillar of cloud and fire did not disappear on the steppes of Moab. It is only that our eyes are dim. The symbol is an eternal truth, for our God still goes before. Unquestionably His gracious spirit ministers where the scenes of pity are, but He is chiefly and most clearly to be found at the point of progress of the little army of the world's choice spirits who are advancing truth and establishing right. If you can find the place where the fight is hardest for justice and right, where the climb is steepest toward truth and light, where the bravest and noblest and most heroic spirits are, there you will find God."

Belden-Tomlinson

The marriage of Alice Drew Tomlinson and Don Alexander Belden, both of the Class of '19, took place Saturday afternoon, June 18, at Sunnyside, Woodbridge, Conn.

Announcement has been received of the appointment of John K. Cheesman '20 as manager of the Pawtucket Office of the Morris Plan Co. of Rhode Island, a well-known New England banking institution.

GRADUATION EXERCISES OBSERVED MONDAY

(Continued from page one)

Mr. Buttrick and the conferring of the degrees in course, honorary degrees were conferred upon six deserving candidates, two of whom were Middlebury graduates.

Andrew E. Clark '71 of Des Moines, Iowa, Vermont schoolmaster, versatile business man and editor in the mid-west received the degree of Doctor of Laws; and Frank H. Knowlton '84 of Washington, D. C., for thirty-six years connected with the U. S. museum of Washington, well known as an ornithologist, botanist, geologist, and editor and recognized as the foremost paleo-botanist in America, received the Degree of Doctor of Science.

Upon Mrs. Dorothy Canfield Fisher, perhaps the most prominent authoress now living and a prominent woman in promoting education, was conferred the degree of Doctor of Letters. Mr. Cass Gilbert, the distinguished New York Architect whose critical appreciation of fine craftsmanship has been recognized in official appointments by two presidents of the United States and who has designed many state capitals, libraries, state universities and exposition buildings, was honored by the degree of Doctor of Laws. The degree of Doctor of Divinity was conferred upon the Rev. Frazer Metzger of Randolph, "a beloved pastor and eloquent preacher, interpreter of an old Gospel to a new age."

The last degree to be conferred was that of Doctor of Science upon Professor William Wesley McGilton. In conferring the honor Dr. Collins said of Professor McGilton, "Bachelor and Master of Arts at Wesleyan University and for forty years a beloved and honored teacher of science in schools and college, the fruits of your inspiration and guiding influence are still felt in the industrial and educational laboratories of our land. The years of unstinted service which you have given to Middlebury College have contributed much to her true worth."

The exercises were opened by a prayer by Dr. Collins and music was furnished by Professor Hathaway at the organ. Preceding the services the usual procession of alumni, faculty, students, and guests marched from the campus to the church, led by the Middlebury Village Band.

EDDIE S. KALIN WINS FIRST PRIZE IN MERRILL CONTEST

First prize in the annual Merrill Prize Speaking Contest held in Mead Memorial Chapel, Saturday, June 11 went to Eddie S. Kalin '23 who spoke on "Fraternity Rushing at Middlebury". Seven men, picked by competition from the class of 1923, competed for the four prizes which were $50, $35, $25, and $20, respectively.

The other awards went respectively to I. Murray Adams who took as his topic "The True Purpose of Education", Charles L. Leonard, Jr., who spoke on "Our Labor Problem", and Edwin J. Klock who chose as his subject "Booker T. Washington".

The contest this year was under the direction of Professor Wilfred E. Davison. The other speakers were S. Arthur Carroll on "Calvin Coolidge", Percy M. Kelley on "What the Tanker Thinks of War," and Rowland R. Shepardson on "Lincoln, the World Emancipator."

Bosworth-Dyer

The marriage of Miss Marguerite Dyer '18, and Wayne C. Bosworth '11, took place in Salisbury at 5 o'clock yesterday. The invitations were confined to about sixty relatives and close friends, owing to a lack of space to accommodate a larger gathering.

Both bride and groom are members of Phi Beta Kappa Fraternity. Bosworth returned last year from England where he was a Rhodes Scholar, and opened up an office as an attorney. He is a member of Delta Upsilon Fraternity.

The College has purchased the house on South Main street belonging to the Josephine Wilcox estate.
